Mr. Richard W. Corey, Executive Officer
California Air Resources Board
Post Office Box 2815
Sacramento, California 95812

Dear Mr. Corey:

On May 8, 2017, the California Air Resources Board (CARB) submitted revisions to the California State Implementation Plan (SIP). We have reviewed the materials submitted with the following rule and found that it fulfills the completeness criteria in 40 CFR Part 51, Appendix V.

AQMD	Rule #	Title
South Coast	1420.1	Emission Standards for Lead and other Toxic Air Contaminants from Large Lead Acid Battery Recycling Facilities

We intend to address the other proposed SIP revisions in CARB's May 8, 2017 submittal separately. In the coming months we will review the complete revisions for action pursuant to Clean Air Act section 110(k).

Questions regarding our completeness review should be directed to Arnold Lazarus at (415) 972-3024.

Sincerely,

Elizabeth J. Adams
